

## REPORT OF NATIONAL CONTACT POINTS TO THE INVESTMENT COMMITTEE

### Common Framework for Annual Reporting by National Contact Points for the period 1 July 2011-30 June 2012

*In accordance with Section D of the Procedural Guidance[as revised by C(2011)11/FINAL]<sup>1</sup>, NCPs must report annually to the Investment Committee on the nature and results of their activities to further the effectiveness of the Guidelines for Multinational Enterprises, including implementation activities in specific instances, to the Investment Committee.*

*This Common Reporting Framework is designed to assist NCPs in preparing these reports, which then provide the basis for preparing the Chair's Annual Report to Council on the Activities on the NCPs. The 2012 Annual Report will be the first to report on how NCPs have carried out their duties during the first year of operation of the 2011 updated Guidelines, which were adopted at the OECD Ministerial Meeting of 25-26 May 2011.*

*The questions of the Reporting Framework have been developed in consultation with the Chair of the June 2012 NCP meeting, taking into account the results of the Update. In view of the informal OECD six months period for the implementation of the new provisions and the non retroactive application of the revised Guidelines, it is acknowledged that NCPs might not be in a position to answer all the questions contained in the Reporting Framework, particularly for specific instances received prior to the adoption of the updated Guidelines.*

*The 2012 Chair's Annual Report will be discussed at the next NCP meeting which is scheduled to take place on **Tuesday 19 June and Wednesday 20 June 2012**. The Chair of the Norwegian NCP, **Professor Hans Petter Graver**, Dean of the Faculty of Law, University of Oslo, has kindly agreed to preside over this meeting.*

*Timely submission of NCPs annual reports will be essential for the preparation of this meeting. NCPs are therefore invited to send these reports to the Secretariat by **c.o.b. Friday, 4 May 2012** [[alberta.fumo@oecd.org](mailto:alberta.fumo@oecd.org); and [wendy.houet@oecd.org](mailto:wendy.houet@oecd.org)].*

## Common Framework for Annual Reporting by National Contact Points for the period 1 July 2011-30 June 2012

The role of National Contact Points is to further the effectiveness of the Guidelines. Under Part I of the Procedural Guidance, “NCPs will operate in accordance with core criteria of visibility, accessibility, transparency and accountability to further the objective of functional equivalence.” These criteria apply to all the activities carried by NCPs, including those to be reported under the current implementation cycle of the Guidelines.

### A. INSTITUTIONAL ARRANGEMENTS

1. The following template aims at collecting relevant information about the structure and organization of National Contact Points. It reflects the updated Section A of the Procedural Guidance and related Commentary, concerning the composition of the NCP and the possible existence of an advisory body and an oversight body.

Please complete with relevant information and contact details. Please indicate in particular any institutional changes made, or contemplated, as a result of the update. As regards the composition of the NCP, please also indicate whether the NCP is chaired by a senior government official or high level/well known expert on responsible business conduct.

Governmental Location of the NCP	NCP structure*	Composition of the NCP	Advisory body	Oversight body	Contact details
Ministry for National Economy	Monopartite	two officials of the Department of International and EU Affairs	on an ad hoc basis	Deputy State Secretariat for External Economic Relations and International Affairs Ministry for National Economy	Mrs. Julianna Pántya  Mrs. Orsolya Berecz  <a href="mailto:nkp@ngm.gov.hu">nkp@ngm.gov.hu</a> +36-1-374-2979

\* Section on “NCP Structure” should be filled, as appropriate, indicating one of the following possible structures:

- *Monopartite*, i.e. the NCP is composed of one or more representatives of one Ministry
- *Interagency*, i.e. the NCP is composed of one or more representatives of two or more Ministries
- *Bipartite*: the NCP is composed of one or more representatives of Ministry/Ministries and of representative/s of business association/s or trade union/s
- *Tripartite*: the NCP is composed of one or more representatives of Ministry/Ministries, business association/s and trade union/s
- *Quadripartite*: the NCP is composed of one or more representatives of Ministry/Ministries, business association/s, trade union/s and non-governmental organization/s
- *Independent Expert Body*: the NCP is composed only of independent experts

2. What is the rationale behind the choice of the NCP organizational structure and for possible future changes to this existing structure?

The NCP is located in the Department of International and EU Affairs at the Ministry for National Economy. The minister for national economy is responsible for the OECD issues in general, and oversees all aspects of the Hungarian economy. The Department of International and EU Affairs is directly subordinated to the deputy state secretary for external economic relations and international affairs who also acts as the chairman of the Hungarian OECD National Council. The OECD National Council is a high level consultative and coordinating body that consists of high ranking officials of ministries, government agencies and other institutions participating in the OECD's work, with the aim to capitalize on our OECD membership.

3. Please indicate, if possible by providing examples, how the structure and organization of the NCP *“provide an effective basis for dealing with the broad range of issues covered by the Guidelines and enable the NCP to operate in an impartial manner while maintaining an adequate level of accountability to the adhering government”* (Procedural Guidance, I.A.1)

The NCP has regular contacts with several governmental institutions. The NCP is accountable to the Government and, in turn to the Parliament through the minister for national economy. In case an important issue arises, the NCP has the possibility to put it on the agenda of the OECD National Council's meeting.

4. *“NCPs will develop and maintain relations with representatives of the business community, worker organizations and other interested parties that are able to contribute to the effective functioning of the Guidelines.”* (Procedural Guidance, I. A.3).

Please provide details of activities (meetings or exchanges of information...) held with stakeholders during the reporting period (in case stakeholders are not in the NCP formal structure).

The NCP is accessible via internet and telephone and responds to all enquiries from the stakeholders. For example, a meeting was recently held with the representative of a BIAC member organization, the National Association of Entrepreneurs and Employers, in order to discuss the possibilities of setting up a permanent advisory body on the Guidelines.

5. Does the NCP coordinate with related government activities on responsible business conduct? Please elaborate, as appropriate. (e.g. implementation of the UN Guiding Principles for Business and Human Rights).

The National Contact Point has regular contacts with several governmental institutions. In case an important issue arises, the NCP has the possibility to put it on the agenda of the OECD National Council's meeting.

6. *“Adhering countries shall make available necessary human and financial resources to their National Contact Points so that they can effectively fulfill their responsibilities, taking into account internal budgetary priorities and practices.”* (Council Decision, I.4).

Has this new provision led to changes to the human resources and budget arrangements for the NCP? Are changes contemplated for the future? Please elaborate as appropriate.

No institutional changes have been made to the Hungarian National Contact Point. The two-member team of the Hungarian NCP – besides its duties as a National Contact Point – is also in charge of international and OECD issues of the Ministry for National Economy. Despite the heavy workload, the NCP team members do their best to fulfill all the tasks related to the promotion and implementation of the Guidelines.

## B. INFORMATION AND PROMOTION

Section B of the Procedural Guidance requires NCPs to raise awareness of the Guidelines and their implementation procedures with stakeholders, partner organizations and interested public, and to actively promote their use.
